About This Notice

This notice describes how we may use and disclose your protected health information to carry out treatment, payment or health care operations and for other purposes that are permitted or required by law. It also describes your rights to access and control your protected health information. "Protected health information" is information about you, including demographic information, that may identify you and that relates to your past, present or future physical or mental health or condition and related health care services.

We are required by law to maintain the privacy of your protected health information; give you this notice of our legal duties and privacy practices with respect to your protected health information; and follow the terms of our notice that are currently in effect. We may change the terms of our notice at any time. The new notice will be effective for all protected health information that we maintain at the time as well as any information we receive in the future. You can obtain any revised Notice of Privacy Practices by contacting our office.

How We May Use and Disclose Your Protected Health Information

The following examples describe different ways that we may use and disclose your protected health information. These examples are not meant to be exhaustive, but to describe the types of uses and disclosures that may be made by our office. We are permitted to use and disclose your protected health information for the following purposes. However, our office may never have reason to make some of these disclosures.

For Treatment

We will use and disclose your protected health information to provide, coordinate, or manage your health care treatment and any related services. We may also disclose protected health information to other physicians who may be treating you. For example, your protected health information may be provided to a physician to whom you have been referred to ensure that the physician has the necessary information to diagnose or treat you.

In addition, we may disclose your protected health information from time to time to another physician or health care provider (e.g., a specialist or laboratory) who, at the request of your physician, becomes involved in your care by providing assistance with your health care diagnosis or treatment to your physician.

For Payment

Your protected health information will be used, as needed, to obtain payment for your health care services. This may include certain activities that your health insurance plan may undertake before it approves or pays for the health care services we recommend for you, such as making a determination of eligibility or coverage for insurance benefits, reviewing services provided to you for medical necessity, and undertaking utilization review activities. For example, obtaining approval for a hospital stay may require that your relevant protected health information be disclosed to your health plan to obtain approval for hospital admission.

For Health Care Operations

We may use and disclose your protected health information for health care operation purposes. These uses and disclosures are necessary to make sure that all of our patients receive quality care and for our operation and management purposes. For example, we may use your protected health information to review the treatment and services you receive to check on the performance of our staff in caring for you. We also may disclose information to doctors, nurses, technicians, medical students, and other personnel for educational and learning purposes. The entities and individuals covered by this notice also may share information with each other for purposes of our joint health care operations.

You have the opportunity to agree or object to the use or disclosure of all or part of your protected health information. If you are not present or able to agree or object to the use or disclosure of the protected health information, then your physician may, using professional judgment, determine whether the disclosure is in your best interest. In this case, only the protected health information that is relevant to your health care will be disclosed.

Others Involved in Your Healthcare

Unless you object, we may disclose to a member of your family, a relative, a close friend or any other person you identify, your protected health information that directly relates to that person's involvement in your health care. If you are unable to agree or object to such a disclosure, we may disclose such information as necessary if we determine that it is in your best interest based on our professional judgment. We may use or disclose protected health information to notify or assist in notifying a family member, personal representative or any other person that is responsible for your care of your location, general condition or death. Finally, we may use or disclose your protected health information to an authorized public or private entity to assist in disaster relief efforts and to coordinate uses and disclosures to family or other individuals involved in your health care.

Your Rights Regarding Health Information About You

The following is a statement of your rights with respect to your protected health information and a brief description of how you may exercise these rights.

You have the right to inspect and copy your protected health information. This means you may inspect and obtain a copy of your protected health information that is contained in your designated file for as long as we maintain the protected health information. A "designated file" contains medical and billing records and any other records that your physician and the office uses for making decisions about you. Under federal law, however, you may not inspect or copy the following records; psychotherapy notes; information compiled in reasonable anticipation of, or use in, a civil, criminal, or administrative action or proceeding, and protected health information that is subject to law that prohibits access to protected health information. You must make a written request to inspect and copy your designated file. We may charge a reasonable fee for any copies.

Additionally, if we maintain an electronic health record of your designated file, you have the right to request that we send a copy of your protected health information in an electronic format to you or to a third party that you identify. We may charge a reasonable fee for sending the electronic copy of your protected health information.

Depending on the circumstances, we may deny your request to inspect and/or copy your protected health information. A decision to deny access may be reviewable. Please contact our office if you have questions about access to your medical record.

You have the right to request a restriction of your protected health information. This means you may ask us not to use or disclose any part of your protected health information for the purposes of treatment, payment or healthcare operations. You may also request that any part of your protected health information not be disclosed to family members or friends who may be involved in your care or for notification purposes as described in this Notice of Privacy Practices. Your request must state the specific restriction requested and to whom you want the restriction to apply.

This office is not required to agree to a restriction unless you are asking us to restrict the use and disclosure of your protected health information to a health plan for payment or health care operation purposes and such information you wish to restrict pertains solely to a health care item or service for which you paid us out-of-pocket in full. If this office believes it is in your best interest to permit the use and disclosure of your protected health information, your protected health information will not be restricted. If this office does agree to the requested restriction, we may not use or disclose your protected health information in violation of that restriction unless it is needed to provide emergency treatment. With this in mind, please discuss any restriction you wish to request with your physician. You may request a restriction by contacting our office.

You have the right to restrict information given to your third party payer if you fully pay for the services out of your pocket. If you pay in full for services out of your own pocket, you can request that the information regarding the services not be disclosed to your third party payer since no claim is being made against the third party payer.

You have the right to request to receive confidential communications from us by alternative means or at an alternative location. We will accommodate reasonable requests. We may also condition this accommodation by asking you for information as to how payment will be handled or specification of an alternative address or other method of contact. We will not request an explanation from you as to the basis for the request. Please make this request in writing to our office.

You may have the right to have your physician amend your protected health information. This means you may request an amendment of protected health information about you in your designated file for as long as we maintain this information. In certain cases, we may deny your request for an amendment. If we deny your request for amendment, you have the right to file a statement of disagreement with us and we may prepare a rebuttal to your statement and will provide you with a copy of any such rebuttal. Please contact our office if you have questions about amending your medical record. Your request must be in writing and provide the reasons for the requested amendment.

You have the right to receive an accounting of certain disclosures we have made, if any, of your protected health information. This right applies to disclosures for purposes other than treatment, payment or healthcare operations as described in this Notice of Privacy Practices. It excludes disclosures we may have made to you, for a facility directory, to family members or friends involved in your care, or for notification purposes. The right to receive this information is subject to certain exceptions, restrictions and limitations. Additionally, limitations are different for electronic health records.

You have the right to obtain a paper copy of this notice from us, upon request, even if you have agreed to accept this notice electronically.

You have the right to receive notice of a security breach. We are required to notify you if your protected health information has been breached. The notification will occur by first class mail within 60 days of the event. A breach occurs when there has been an unauthorized use or disclosure under HIPAA that compromises the privacy or security of your protected health information. The notice will contain the following information: (1) a brief description of what happened, including the date of the breach and the date of the discovery of the breach; (2) the steps you should take to protect yourself from potential harm resulting from the breach; and (3) a brief description of what we are doing to investigate the breach, mitigate losses, and to protect against further breaches.

PATIENT CONSENT FORM

The Department of Health and Human Services has established a "Privacy Rule" to help insure that personal health care information is protected for privacy. The Privacy Rule was also created in order to provide a standard for certain health care providers to obtain their patients' consent for uses and disclosures of health information about the patient to carry out treatment, payment, or health care operations.

As our patient we want you to know that we respect the privacy of your personal dental records and will do all we can to secure and protect that privacy. We strive to always take reasonable precautions to protect your privacy. When it is appropriate and necessary, we provide the minimum necessary information to only those we feel are in need of your health care information and information about treatment, payment or health care operations, in order to provide health care that is in your best interest.

We also want you to know that we support your full access to your personal dental records. We may have indirect treatment relationships with you (such as laboratories that only interact with doctors and not patients), and may have to disclose personal health information for purposes of treatment, payment, or health care operations. These entities are most often not required to obtain patient consent.

You may refuse to consent to the use or disclosure of your personal health information, but this must be in writing. Under this law, we have the right to refuse to treat you should you choose to refuse to disclose your Personal Health Information (PHI). If you choose to give consent in this document, at some future time you may request to refuse all or part of your PHI. You may not revoke actions that have already been taken which relied on this or a previously signed consent.

If you have any objections to this form, please ask to speak with our HIPAA Compliance Officer.

You have the right to review our privacy notice, to request restrictions and revoke consent in writing after you have reviewed our privacy notice.
